(hora de Tucson)

# HLLWG Colloquium

## Optionality in Spanish adjunct control structures

Katie VanDyne, University of Illinois at Urbana-Champaign

## White Supremacists' Weaponization of Heritage Languages and Language Revitalization

John Powell, University of Arizona

### Katie VanDyne

*Spanish Linguistics, University of Illinois at Urbana-Champaign*

Katie is a PhD candidate in Department of Spanish and Portuguese at the University of Illinois at Urbana-Champaign. Her general research interests include theoretical syntax, as well as semantics and Romance linguistics. Specifically, her current research focuses on the licensing of adjunct control clauses by object clitics in Spanish.

### John Powell

*Linguistics, University of Arizona*

John Powell is a PhD candidate and University Fellow in the Linguistics Department at the University of Arizona. He specializes in historical linguistics, morphosyntax, language revitalization, and linguistic geography. He studies several language families, including Yuman, Iranian, Western Romance, and Celtic. He collaborates with the Piipaash (Maricopa) community in their language and revitalization work.
